

~~SECRET~~

ME-109, three FW-190s, two rail cars, six gun positions, one building and one motor truck destroyed and one twin engine aircraft, one ME-109, one FW-190, five rail cars and three motor trucks damaged. None of our aircraft was damaged.

(g) Bombing and strafing mission of nine aircraft led by 1st Lt. Glenn J. Moore on 29 April 1945. Observing an estimated twenty aircraft on an airfield near Bad Aibling, Lt. Moore directed white flight, led by 1st Lt. Carl C. Baranek, to attack these aircraft while he led his flight in attacks upon buildings and motor transport in the area. Total claims for this mission were two single engine fighters, one ME-262, one JU-88, two twin engine aircraft, seventeen motor trucks and one machine gun position destroyed and four twin engine aircraft, three single engine fighters, one ME-262, one building, eighteen motor trucks, one tractor and six trailers damaged.

h. Leaders of outstanding missions: Named in mission accounts above.

i. Losses in action:

(2) wounded.

(a) F/O James W. Hohman, T-127220, was slightly wounded in action on a bombing mission near Stuttgart, Germany on 19 April 1945, when he was forced to bail out of his damaged aircraft.

(3) Missing.

(a) F/O John A. Sennele, T-63472, is missing in action since 20 April 1945 while on a bombing and strafing mission near Munich, Germany.

j. Awards received during the month of April 45.

Captain, Air Corps, S-2.

---

---

DAY

EVENTS

---

1 The usual Sunday night dance was held at the enlisted men's club tonight, and otherwise this Easter Day was the same as any other.

---

2 The squadron basketball team won their second game in the 19th General Hospital Invitational Tournament, nosing out the 366th squadron of the 353rd Fighter Group in a low scoring game by the score of 18 to 14. The 525 led at halftime by 8 to 7, and the score changed hands several times throughout the game. The semi-finals will be played tomorrow night, with the 525th meeting the 526th at seven o'clock, and the winner playing the representative from the lower bracket at eight.

1st Lt. Richard B. Loyle was transferred to group headquarters today, to assume his new duties as assistant air inspector.

---

3 The 525th cagers lost to the 526th in the semi-finals of the tournament this evening by a score of 25 to 16. The 525 led at the first quarter 6 to 2 but faltered in the second period and never regained the lead. The 526th went on to win the final game and the championship. Thus the basketball season has come to an end for another year. The record for the season, including the games played in the XXII TAC tournament in Florence and in the tournament here, was fifteen games won and ten lost. Those who were members of the team throughout the season were Lts. Mart, Leahy, Baranek, Dwyer and Jenkins, S/Sgts. Goff, Anderson and Barnes, and Sgt Day. Lt. Ives and F/O Madison joined the squad for the games in the tournament in Nancy, having just joined the squadron before leaving Italy.

1st Lt. George J. Frey was today transferred to group headquarters as assistant operations officer.

---

4 Plans are under way for the start of baseball practice and a diamond is being made ready for use as long as we are stationed at this field. S/Sgt Burney Bielick is in charge of arrangements for getting the team started.

---

5 The first baseball practice was held this afternoon, and although the weather was a bit disagreeable, more than ten men attended and worked out for a short while.

Captain, 41r Corps, S-2.

DAY

EVENTS

5 (cont'd) Information and Education forms were distributed to men of the squadron today for the survey which is being conducted in order to determine the courses in which the most men are interested.

Captain Dale L. Carstensen, squadron adjutant, was today appointed executive officer, replacing Major McClurray, who recently left the squadron to return to the states.

6 Three new pilots, 2nd Lts. Richard C. Hupp, Jr., and Thomas C. Marsters, and F/C John A. Scheele were assigned to the squadron today.

7 On the mission led by Lt. Aegerter two formations of ME-109's were encountered and in the ensuing battle, Lts. Green and Aegerter each shot down ME's and Lt. Green scored strikes on another, causing unknown damage to it. The enemy planes broke formation and pulled up into the clouds soon after they were contacted.

8 Rumors are circulating about the squadron concerning our next move which will be into Germany.

9 A squadron meeting was held in the mess hall this evening, and Capt. Carstensen spoke briefly to the men on several subjects, one of them being our coming move into Germany.

10 Rumors of "werewolves" and the reports of other such harassing activities in occupied Germany are drifting back to the squadron from other outfits already there, but the men seem anxious to see for themselves what Germany is really like. Non-fraternization will limit the 'extra curricular' operations of many, and that seems to cause more worry than the danger, if any, from hostile civilians.

11 A squadron meeting was held this evening at which time Captain Blackwell gave a talk on security measures in reference to our move to Germany, and Captain Dickson, Liaison Officer from the Seventh Army attached to the group, outlined the current situation on the western front.

---

DAY	EVENTS
-----	--------

---

12 Preparations for moving were started today. The entire day was spent in packing equipment and "A" party is scheduled to leave for the trip to Braunschardt Airfield near Darmstadt, Germany early tomorrow morning.

---

13 "A" party left here this morning by motor convoy. Many of the tents in the area are already down, and the remaining personnel are sleeping in the mess hall, dayroom and orderly room. Because of bad weather, a standdown was in effect all day.

---

14 Most of the tents in the area have been taken down, and the officers of the squadron are now eating with the enlisted men here in the area. The personnel at the new field began the work of setting up installations on the squadron and line areas. The bivouac area is alongside the edge of the field in a pine forest.

---

15 Work on the new squadron area is progressing. The showers are being erected very near the area and a number of small tables, set out among the trees near the kitchen, are used for eating. The men of the squadron have policed up various types of vehicles from the surrounding territory, including a large bus, small rail engine, and several partially assembled gliders.

---

16 Four missions were flown today from Tantonville despite the transfer of the planes to the new base, Braunschardt A/F. The first two returned to the base at Tantonville, and the last two landed at the new field upon the completion of their mission. The men still in France made preparations for an early departure from there tomorrow morning.

---

17 "B" party left Tantonville and made the trip to Germany today, the various vehicles arriving at their destination at various times this evening. The squadron bivouac area is set back among tall pine trees, and will be a cool place if we are here in hot weather. All men are living in tents, with the exception of a few more enterprising ones who have policed up some wallboard and the like, and have built shacks among the trees.

S E C R E T

Sheet No. 157 War Diary, 525th FIGHTER SQUADRON, Braunschardt A/F, Germany

---

---

DAY

EVENTS

---

17 (cont'd) The officers have three buildings in the town of Gross Gerau as living quarters. German civilians who lived in these houses were required to move by A/C. The houses are duplex apartments. In one live the commanding officer, operations officers and B flight. The ground officers live in another; A, C and D flights occupy others. Officers are at present eating at the squadron mess, but a group officers' mess will be opened in a small hotel in Gross Gerau.

18 The field here is pretty dusty with dirt taxi strips and roads, but the bivouac area is far enough away in a spot that is sheltered from dust and winds, and is a very convenient distance from the line area. No enlisted men's club has been set up as yet.

19 Movies will be shown in the area behind squadron intelligence and operations, starting in the near future, and plans are under way for a softball league as soon as weather permits. These are the only means of recreation yet provided for the men.

20 Five missions were flown today and unusually successful strafing results were reported by the returning pilots. An airfield was attacked and several JU-88's, ME-109's and other enemy aircraft were destroyed on the ground by both bombing and strafing. Leaders of the missions were Lts. Bieber, Brink, Potten, Moore and Captain Brown. Total strafing and bombing results of enemy aircraft and motor trucks were 28 motor trucks, 11 unidentified twin engine aircraft, 3 FW-190's, 3 JU-88's, 1 ME109 and 1 ME-210 destroyed and 73 motor trucks, 11 JU-88's, 1 ME-109 and 1 FW-190 damaged.

21 From what one can see, the German people didn't lack for any of the necessities of life, as was the case in all of the other countries through which we have passed. The people are all well fed, well clothed, and do not appear openly hostile. Some would apparently be friendly were they given the chance, others regard the Americans with hatred in their eyes, while the great majority seem indifferent, or at least try to appear that way.

---

~~S. E. C. R. E. T~~Sheet No. 158 War Diary, 525th FIGHTER SQUADRON, Braunschardt A/F, Germany

(Station)

Month of April, 1945. Prepared by WILLIAM H. BLACKWELL,Captain, Air Corps, S-2.

DAY

EVENTS

22 No missions were flown today as it is the squadron's regular day for a standdown.

23 The movie, "Winged Victory" was shown this evening, and although another war picture, was generally conceded to be better than the usual run.

1st Lts. Dotten, Curtin and Grantham received notice of their promotion to captains today.

24 Several men have been hunting in the forests around the bivouac area, one or two deer being shot. There is now a ruling out against hunting any wild game around here.

25 The squadron baseball team, making their first start of the season, dropped a close 2 to 1 decision to the 415th Night Fighters this evening. Leading 1 to 0 going into the last half of the seventh, a walk, and three hits clinched the game for the Night Fighters. Whitey Bytnar went all the way on the mound for the 525th but tired in the sixth and seventh, which cost him the decision.

The movie "Here Come The Waves" with Bing Crosby and Betty Hutton, was shown this evening.

26 The 525th baseballers broke into the win column this evening, gaining a 7 to 5 win over the 526th. Lt. Bob Mart allowed only two hits during the five innings he pitched and got credit for the win. Barnes relieved him and pitched the last two of the seven inning game. First sacker "George" Gumbert got four for four, including two doubles and three runs driven in for batting honors for the game.

Chocolate chip ice cream was served for lunch today.

27 Plans are being made for the celebration of the group's second anniversary overseas which will be observed on 29 April. A building that was formerly a pickle factory is to be used for the enlisted men's club, a store of whiskey has been procured and several pigs "liberated" for a barbecue.

## S E C R E T

Sheet No. 159 War Diary, 505th FIGHTING BOMBARDMENT Braunschardt A/F, Germany  
(Station)

Month of April, 1945. Prepared by WILLIAM I. BLACKWELL,

Captain, Air Corps, S-2.

DAY

EVENTS

28 The squadron was stood down for the entire day.

29 F/C John A. Scheele, while on a strafing mission of an air drome near Bad Aibling, Germany, received a direct flak hit in his aircraft and crashed. It is believed that he was killed immediately. This was his fifteenth combat mission since joining the squadron earlier this month.

The celebration of the end of the second year overseas was held this evening in the pickle factory in Gross Gerau which has been taken over for use as an enlisted men's club.

30 Two new pilots, 2nd Lts. Howard W. Shelden and Ernest A. Zappile, joined the squadron today.

1st Lt. John E. Dwyer, for the past fifteen months, assistant Intelligence officer of the squadron, changed jobs, succeeding Captain Carstensen as squadron adjutant. There is now no assistant squadron intelligence officer.

During the month of April 765 sorties, totaling 1836:15 operational hours were flown by the squadron. This has been one of the busiest, if not the busiest, month in the entire combat history of the squadron. Many pilots have flown 25 or more missions during the month, often flying two per day. Results have been amazing: the damage and destruction inflicted upon the enemy has been almost incalculable. 202,000 pounds of demolition bombs were dropped on enemy held targets as well as 516 frag bombs and 64 fuel tank incendiaries, and 551,745 rounds of .50 caliber ammunition were expended. 237 motor transport were destroyed and 393 damaged; 37 locomotives were destroyed and 56 damaged; 95 rail cars were destroyed and 250 damaged; two enemy aircraft were destroyed in aerial combat and one damaged; and a total of 59 aircraft were destroyed and 72 damaged on the ground. Only one pilot was lost during the month.

(Station)

Month of May, 1945. Prepared by WILLIAM I. BLACKWELL,

Captain, Air Corps, S-2.

DAY

EVENTS

1. An administrative and technical inspection was made by an inspector from First TAF today.

2 The mission schedule has been greatly reduced and most missions are now for the purpose of patrolling.

3 A letter from General Arnold, explaining the probable procedure for redeployment of Air Force personnel in the ETO was on the squadron bulletin board today and gave rise to much discussion and speculation as to how we would fit into the plan. General Arnold says that the "old" units will go home, and probably not go anywhere else; the "medium" units will be occupational air forces; and the "young" or newest ones will have first priority to go home for thirty day furloughs, orientation, and departure for the Pacific. Since the 525th has 25 months overseas, having come through Africa, Sicily, Italy, Corsica, and France, we believe we fall in the "old" class. The general state of morale seems to have been bolstered, feeling that they have been let in on some "straight stuff" and many look forward to an early homecoming.

4 The squadron's regular standdown day, and showers all day long. Rumors of a move to Stuttgart are making the rounds of the squadron.

Lts. Green, Jordan and Whyte left today for Nancy, France from where they will return to the states when their orders come through. They are going home upon completion of a tour of duty.

5 Continued rain all day long forced whatever flying there might have been to be cancelled.

6 It was learned today that the "A" Party of the squadron is to leave here for movement to our new field at Stuttgart on 8 May, two days from now. Reports are that the setup there will be the best we've ever had, with stone buildings to live in and all the conveniences of real barracks.

Captain, Air Corps, S-2.

DAY

EVENTS

---

7 After some of the men and equipment had already left for Stuttgart, word was received this afternoon that the move has been postponed indefinitely. Rumors are in abundance, but nothing official is known. News of the official V-E Day, tomorrow was received with unusual calm, and not much excitement. Some celebrating was done but not as much as was expected. Actually the official news came as a sort of anti-climax. The way things were going, we knew it was just about all over even a couple days ago.

---

8 With an advance echelon of personnel and equipment already at Stuttgart, everyone is speculating as to what the next official news will be.

---

9 Lt. Wozniak departed today, on his way to Nancy, France from where he will proceed to the states, having completed his tour of duty.

A special service was held this morning, commemorating V-E Day. A new flag pole was set up at Group Operations, and the Stars and Stripes run up. The formation was held on the field in front of Operations, and the rites were conducted by Chaplain Fischer.

---

10 Captain Blackwell, Lt. Baranek and Captain Cotton went to Nastaut today by jeep, below Karlsruhe and located the crashed aircraft of F/O Jacoby. He crashed there on 18 March 1945, and it was not known what happened to him. His grave was found beside the wreckage of his plane. Reports were that a French or Polish worker had buried him. Nothing doing today except one practice formation flight with twelve aircraft.

Thirteen pilots were assigned and joined the squadron today for the purpose of transition and training flying. They were Capt. Wilbur H. Buchanan, 2nd Lt. Fred I. Fansler, Jr., Harold K. Dunn, Kenneth D. Fisher, Ferral A. Goodroe, Lon C. Gunnoe, Jr., Theodore A. Gunderson, Richard A. Griffith, Orville A. Hanna, and Flight Officers Jacob Kratt, Jr., Walter E. Lynch, James N. McBrayer and Wayne A. Famuliner.

---

11 Still no news of the expected move to Stuttgart. The movie schedule has been stepped up and now we have movies in the open air theater nearly every night.

---

(Station)

Month of May, 1945. Prepared by WILLIAM H. BLACKWELL,  
Captain, Air Corps, S-2.

DAY

EVENTS

12 Captains Brown and Blackwell and Lts. Moore and Brink left for Munich to look for F/O Scheele who crashed at Bad Aibling A/D.

13 Beautiful warm spring weather today, which is certainly appreciated after some of the rainy chilly days we've had during the past few weeks.

14 Cpl. Irving Abrahams, with more than thirty months overseas, left today for the 70th replacement Depot, from where he will return to the states.

15 A guard detail of almost fifty men are leaving to go to Innsbruck and the area of the Brenner Pass. They are to be gone indefinitely and were instructed to take their leather winter clothing with them. Rest leaves to England, Paris and other spots in France are now being granted on an increased scale, and the area begins to take on a deserted atmosphere.

16 Beginning training program for the fifteen new pilots assigned to the squadron. They will have 60 hours of flying in the P-47 and will then be ready to begin combat operations.

A USO show tonight in the woods back of operations; three men and two women. Hit of the show was a deadpan comedian who received three encores and announced each of them as he came back on "For my second encores" etc., This was the first USO show to visit the 86th since Pisa.

17 Still sitting here with no idea as to future disposition of the unit. Movie tonight "The Animal Kingdom", with Ann Sheridan and Jack Carson.

18 All enlisted men are being given a physical profile examination, reputedly for the purpose of determining which men are physically fit for service in the Pacific theater. Rumors abound of course, but not anything definite yet.

---

---

DAY

EVENTS

---

18 (Cont'd) 1st Lt. Walter M. Bieber was promoted to the rank of captain today, and 2nd Lts. John W. Delanty, Vernon K. Maxey and Earl H. Bradford were promoted to first lieutenants.

---

19 The new pilots continue their schedule of transition flying interrupted only by rainy weather and there's been a good bit of bad weather lately.

---

20 Plans are being made for a large athletic program to be started in the near future. Committees and instructors have been chosen and are meeting almost daily, making preparations for putting the program into operation.

---

21 Movie, "To Have or Have Not", starring Humphrey Bogart and Lauren Bacall was shown this evening and brought sighs and low whistles from the crowd in the more sultry scenes.

---

22 The movie, "Murder, My Sweet" was shown this evening.  
1st Lt. Gustave Levenson was assigned to the squadron today as assistant intelligence officer, having come from Hq, XII TAC.

---

23 Rain all day long forced all flying to be cancelled.

---

24 Capt. Covington, Squadron operations officer, learned today of his transfer to group headquarters and will assume his new duties as group air inspector.

---

25 The movie, "Two Down and One To Go", which was supposed to give us an idea of what to expect in the way of redeployment was shown this evening, and the plan for the Air Force altered our heretofore optimistic outlook. Seems from the movie that very few Air Force personnel can expect discharge until the end of the Pacific war. The general feeling here seems to be that if they'd send us back home for awhile, a great many men wouldn't mind going to the Pacific.

(Station)

Month of May, 1945. Prepared by WILLIAM H. BLACKWELL,  
Captain, Air Corps, S-2.

DAY

EVENTS

25 (C't'd) 1st Lts. James C. Finlayson and John E. Brink were promoted to the rank of captain today.

26 Capt. Joe M. Clark, M/Sgt James E. Knight, T/Sgt Louie McGraw, S/Sgt Palmer I. Berge and Cpl. Eugene Clave, all of whom had been home on furloughs returned to the squadron today. They had been dropped from the rolls, as it was thought that they would not have to leave the states again.

27 The sudden inactivity after so many long months of combat operations is going rather hard on all personnel. There's nowhere to go, very little to do, and the non-fraternization rule forbids any association with the German people who seem eager enough to fraternize. This problem will grow larger as time goes on, for the people grow bolder and more open in their attempts to cultivate the Americans' friendship every day.

28 A formal presentation of awards was made today with Colonel Schlatter from XII TAC presenting awards to the various pilots.

29 Plans are being made for a dance at the enlisted men's club this coming Saturday night with Polish girls from a nearby DP Camp as guests.

Plans are also underway for a group newspaper, the first issue of which will be published next Saturday.

30 Memorial Day Services, at which attendance was compulsory for enlisted men, were held this morning, with Father Murphy, new Group Chaplain presiding.

Capt. Graydon S. Brown, was appointed operations officer today and 1st Lt. Glenn C. Moore was appointed assistant operations officer.

31 The end of May finds us sitting here wondering what's going to happen next. There's little to write in the diary, because there's so little doing: chow, a little work, a few passes, a lot of sacktime,

EVENTS

31 (Cont'd)

a few good movies, a lot of sorry ones. There will be more to do when the I & E and the physical training courses are started, and that's to be soon, we hear.

The squadron flew 76 combat sorties, totaling 216:25 operational hours during the month of May.

DAY EVENTS

1 The squadron baseball team, with Whitey Bytnar on the mound, won a league game from the 415th Night Fighters by a 5 to 1 score.

2 S/Sgts William A. Gaines and Sidney B. Smith, crew chiefs, left today for return to the states under the point system.

3 Since a few men have gone home under the point system, hope is high among the men with 85 points or more who are left. Rumors have everyone checking the bulletin board for new lists at every opportunity.

4 S/Sgt Tom Malone of the communications section was today transferred to group headquarters.

Another new pilot, 2nd Lt. Clifford D. Cummings, joined the squadron today.

The movie, "Here Come the Waves", was shown this evening.

5 The squadron baseball team beat the 321st Service Squadron team this evening by a score of 6 to 2.

6 M/Sgts Albert B. Burt, James E. Knight, James A. McGraw, Orville C. Reeves and Jack T. Roark, and S/Sgt James P. McCann left today for return to the states under the point system.

7 The group athletic program with calisthenics and games every afternoon has now been put into operation and has turned out to be more interesting than most had expected.

8 A movie "The Suspect", starring Charles Laughton and Ella Raines was shown this evening in the group movie area.

9 Capt. Graydon S. Brown, operations officer, was shot by a guard and killed instantly early this morning while driving in Weinsheim.

Captain, Air Corps, S-2.

DAY

EVENTS

---

10 The movie "Saratoga Trunk", starring Gary Cooper and Ingrid Bergman, was shown this evening.

---

11 A list of promotions was released today. Charles W. Polson, Jr., Richard P. Weckwerth, Marvin W. Bauer and Louis E. Bendi were promoted to master sergeants; Jess V. Wright and Orville Hamilton were raised to technical sergeants; Everett E. Fisher, Armon L. Perry, William H. McClain, Alfred G. Gatton, Stephen V. Harris and Walter Early were made staff sergeants; Richard A. Klein, Henry A. Bytnar, Edward B. Gregg, Albert Boznick, Edwin L. McKee, Gust P. Maimonis, Adolph J. Seeger, Albert F. Halberstadt and Norman G. Myers are the new three stripers; and William C. Ross, Albert T. Roush, Francis J. Hurley, John C. Jennings, Donald L. Boyer, Sherrill Roark, William H. Garrity and Joseph V. Wilkin got their second stripes.

---

12 Three more new pilots, 2nd Lts. Glen Batten, Donald H. Capellas, and F/O Stanley P. Baliukas were assigned to the squadron today.

---

13 The weather remains cold and disagreeable, preventing even the softball and baseball games which would otherwise help the low state of morale, which is inevitable in surroundings and conditions such as those encountered here.

---

14 The food situation gets worse as the days go by. Our 'fresh meat' whenever we're fortunate(?) enough to get it, consists of mutton usually, and most of the men are subsisting on peanut butter, bread and coffee.

---

15 Personnel of the squadron are still attending schools in England and all are returning with glowing accounts of their adventures there, while hardly mentioning the schools they attended.

---

16 A movie, "Meet Me In St. Louis", with Judy Garland, was shown in the group movie area this evening.

---

DAY

EVENTS

---

17 Rumors of a move during the next few weeks are circulating among the men. Hopes for better living conditions for the hard winter ahead are foremost in everyone's mind.

---

18 The movie "Gaslight" with Ingrid Bergman and Charles Boyer was shown in the group movie area this evening.  
PX rations were distributed this afternoon.

---

19 With a few days of good weather again, a few of the men of the squadron have found a tennis court in Darmstadt and have been getting a few afternoons of extra PT.

---

20 Capt. John P. Botten was appointed assistant operations officer today, replacing 1st Lt. Glenn C. Moore, who is now squadron operations officer.

The baseball team beat the 321st Service Squadron by a score of 4 to 3 this evening in another league game. This was the tenth straight win, and the twelfth in fifteen games. Barnes was the winning pitcher.  
Ice cream was served in the area this evening.

---

21 A stage show by a troupe of USO entertainers was presented this evening in the group movie area, and was greatly enjoyed by the large crowd in attendance.

---

22 A new directive declaring clerks and typists "essential" came out this evening, and caused quite a lot of discussion.

The movie, "Christmas in Connecticut" with Barbara Stanwyck and Dennis Morgan was shown this evening.

---

23 A B-26 was assigned to the squadron today and T/Sgt Julius Jessel has been assigned as crew chief. S/Sgt Paul Mulcahy will be assistant crew chief and S/Sgt R. E. Anderson radio operator.

Lt. Bob Mart, southpaw moundman of the squadron baseball team, pitched a perfect game this evening as he blanked the 718 RR Bn team
